

# ACTIVE

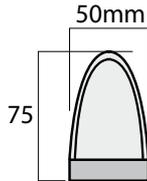

## CONNECTION

WIRE (cable)

## TECHNICAL SPECIFICATIONS

- Response time: 0.1sec
- J1 contact output: NC or 8.2K $\Omega$
- Contact capacity: 5A-250Vac
- Operating temperature: -10°C, +60°C
- Protection degree: IP54
- Maximum detection speed: 12m/min
- Recovery time: <2sec

## MECHANICAL SPECIFICATIONS

rapid connector for an easy disassembly

simple cable tensioning adjustment

electronic and microswitches protected by a cover

locking wedge for transport

contact output **NC**

resistive output **8.2K $\Omega$**
